PRESS RELEASE

The AMMC publishes a handbook on the framework governing crowdfunding in Morocco

Rabat, January 17, 2024

The Moroccan Capital Market Authority (AMMC) has published a new handbook on the framework governing crowdfunding in Morocco. This initiative is in line with the AMMC's efforts to assist market participants in understanding the legal and regulatory framework governing the various financial instruments available on the capital market.

The new handbook presents a summary of the main questions relating to the functioning of crowdfunding in Morocco, its players and the regulators who oversee this activity, on the basis of the legal and regulatory provisions in force.

Following the launch of a [web portal dedicated to crowdfunding](#) on the AMMC website last September, interested parties can contact the AMMC for information on the framework and the authorization process.
