

## The AMMC organizes a workshop for auditors of publicly traded companies

**Rabat, December 21<sup>ST</sup>, 2022**

**The Moroccan Capital Market Authority (AMMC), in partnership with the Order of Chartered Accountants, organized a workshop for auditors of publicly traded companies.**

Held at the AMMC's headquarters in Rabat, this workshop brought together more than thirty participants representing over twenty firms to discuss the rules governing public offerings on the Moroccan capital market.

Discussions focused on the various aspects of the reform on public offering regulations, namely enhancing the flexibility of the fund raising process in the market, and tightening up the transparency and good governance rules. The interventions, missions and responsibilities of the auditors of publicly traded companies, as well as their interactions with the AMMC, were also given special consideration.

Several avenues for future collaboration were identified at the end of this event, particularly with regard to the development of the regulatory framework on sustainable finance and the improvement of the system governing the practice of auditors in publicly traded companies. The identified topics of common interest will be addressed by a dedicated working group.

## **About the Moroccan Capital Market Authority (AMMC)**

The AMMC is the regulatory body overseeing the Moroccan capital market. Its mission is to ensure the protection of savings invested in financial instruments and the proper functioning and transparency of the capital market in Morocco.

The AMMC has been a member of the International Organization of Securities Commissions (IOSCO) since 1996, and signed IOSCO's Multilateral Memorandum of Understanding (MMoU) in 2007, making Morocco the 44th signatory country and the third African one. The Authority also chairs the Africa/Middle East Regional Committee (AMERC) since February 2020.
